RE: FDA Letter of Guarantee, Disposable Hospital Trays for Foodservice

To Whom It May Concern,

Letter specifically drafted for item(s):

45345-0360 - 8.31 x 6.03 x 1.13 Rectangle Eco-Tray, 360/cs
45745-0200 - 12.88 x 9.06 x 1.25 Rectangle Eco-Tray, 200/Case
45990-0100 - 18.00 x 13.13 x 1.25 Half Sheet Eco-Tray, 100/cs
46945-0630 - 19.50 x 15.50 x .50 Rectangle Eco-Tray, 630/cs
69935-0100 - 17.38 x 14.88 x .88 Rectangle Serving Tray, Black, 100/cs

The above listed SOLUT! thermoformed paperboard products for application as disposable food serving trays and medical device trays, are in compliance with the Food and Drug Administration requirements in the Federal Regulations book number twenty-one (21) as printed by the National Archives of the United States. Specifically, all SOLUT! paper and paperboard products meet or exceed the standards set by the following sections, as applicable:

176.170: Components of Paper and Paperboard in contact with Aqueous and Fatty Food
176.180: Components of Paper and Paperboard in contact with Dry Food

End uses are contingent on the results from tests conducted using actual end use conditions. It is incumbent on the end user to ensure fitness for use in any given application.

SOLUT! is an SQF (Safe Quality Food) GFSI certified facility and assures that its products, are shipped from SOLUT!'s manufacturing facilities in Lewis Center, Ohio, are not adulterated or misbranded. According to the definitions provided in the Federal Food, Drug & Cosmetic Act, which are products that may be introduced into interstate commerce under the provisions of section(s) 404, 505, or 512 of the Act.

Sincerely,

Michael Muran
